Celanese Announces Acesulfame Potassium Price Increase

DALLAS and AMSTERDAM (March 23, 2017) - Celanese Corporation (NYSE: CE), a global technology and specialty materials company, announced today it will increase the price of Sunett[®] acesulfame potassium sold globally. Sunett[®] will increase by up to 3 EURO/kg (\$3.21 USD/kg) effective April 1, 2017, or as contracts otherwise allow. This increase is for all grades and all applications including, but not limited to, food, beverages and pharmaceuticals.

Customers should contact their Celanese sales representative for more details.

About Celanese

Celanese Corporation is a global technology leader in the production of differentiated chemistry solutions and specialty materials used in most major industries and consumer applications. Our two complementary business cores, Acetyl Chain and Materials Solutions, use the full breadth of Celanese's global chemistry, technology and business expertise to create value for our customers and the corporation. As we partner with our customers to solve their most critical business needs, we strive to make a positive impact on our communities and the world through The Celanese Foundation. Based in Dallas, Celanese employs approximately 7,300 employees worldwide and had 2016 net sales of \$5.4 billion.
