

# AVICOR® 4302

## A PREMIUM VINYL ACRYLIC EMULSION FOR LOW-VOC INTERIOR COATINGS

### VERSATILE EMULSION FOR CONVENTIONAL AND LOW-VOC INTERIOR COATINGS

Avicor® 4302 is a durable vinyl acrylic emulsion designed for maximum performance in flat, satin and semi-gloss interior paint formulations. This resin requires no coalescing solvents to form a continuous film at low temperatures, thus allowing formulators to develop low-odor, low-VOC paints across a wide range of PVCs. This APE-free emulsion also provides improved scrub resistance compared to other vinyl acrylic-based systems.

Typical Properties*	
<b>Solid content</b>	55%
<b>Viscosity</b>	100 cP
<b>Average particle size</b>	300 nm
<b>Stabilizing system</b>	Emulsifier
<b>Tg</b>	5°C
<b>MFFT</b>	<5°C
<b>pH</b>	5.0
<b>APE-free</b>	Yes

\*These values are typical and do not constitute specifications.

Celanese has the experience and expertise to help you choose the right emulsion for your coating formulations, while providing the perfect combination of quality and cost.

### APPLICATIONS

- Flat, satin and semi-gloss paints
- Low-VOC interior paints

### KEY FEATURES

- Low odor
- APE-free
- Improved scrub resistance
- Excellent touch up characteristics
